LAST CALL THIRD ISSUE

GRADE COUNT

# SURPLUS LIST

Huntsville, Ala., Feb. 16th, 1906

To the Trade:

This is our last issue of "Grade Count" List. About February 26th we will begin boxing our Surplus Stock for Cold Storage. Examine this list carefully and let us have your immediate orders.

Note especially the light grade Shrubs, Roses, Evergreens and Fruit Tree Stocks for Transplanting. If interested in light grade Peach for lining out, in quantities of 5000 trees or more, submit us list for special prices and special terms.

We prepay freight charges to Hannibal, Mo., Rochester, N. Y., and Philadelphia, Pa., on all orders that can be forwarded in our regular car lots.

Be on the lookout for Box List No. 1, which will be mailed about February 26th (from our Hannibal, Mo., office) and which will show a good Surplus of California Grown Roses to be shipped from Cold Storage at Hannibal, Mo.

**ALABAMA NURSERY COMPANY**

HUNTSVILLE, ALABAMA

ROSES—Extra, No. 1, and No. 2 grades are bunched in 10's; No. 3 grade bunched in 25's  
WE CANNOT BREAK BUNCHES.

We believe that next Fall, first-class peach trees will command a good price, throughout the South especially. How are you fixed? If short, would suggest you look at the list of light grade 1 year and June Bud Peach, submit us memo. of varieties and quantities wanted and if the quantity warrants we will submit special terms and prices.

3 to 4 feet and larger grades are bunched in 10's; 2 to 3 feet and smaller bunched in 25's.  
WE CANNOT BREAK BUNCHES.

Note especially the 2 to 6, and 6 to 12 inch grades of Peach and Plum, for lining out in nursery, these are very desirable. All our June Buds are beautifully rooted, clean and stocky.

SOUTHERN NURSERYMEN will please remember that we can hold in our frost proof cellars at Huntsville, any of the stock shown in this list in perfect condition until well into March, but as we begin boxing unsold stock about Feb. 25th, you should place your order with us now that we may reserve for you the items you may want for later shipment.

## CALIFORNIA PRIVET

	CIPHER	Per 1000
Strictly "C. A. G.", as handsome a lot as we have ever grown.	<i>Pour</i>	\$ 37 00
1200 California Privet, 4 to 5 feet, 6 to 12 branches, heavy	<i>Praise</i>	25 00
7000 California Privet, 3 to 4 feet, 6 to 10 branches, heavy	<i>Prate</i>	17 50
8700 California Privet, 3 to 4 feet, 2 to 5 branches	<i>Pray</i>	17 50
9100 California Privet, 2 to 3 feet, 4 to 7 branches, stocky	<i>Preach</i>	15 00
12000 California Privet, 2 to 3 feet, 2 to 4 branches	<i>Prevent</i>	12 50
14000 California Privet, 1 to 2 feet, 4 to 6 branches, stocky	<i>Pride</i>	8 00
11000 California Privet, 1 to 2 feet, single stems slightly branched		

Would it not pay you to line out in nursery row 200 or 300 each of light grade Althea, Calycanthus, Forsythia, Hydrangea, Lilac, Carolina Poplar, California Privet, Evergreens, &c? Think the matter over.

ROSES—Extra, No. 1, and No. 2 grades are bunched in 10's; No. 3 grade bunched in 25's  
WE CANNOT BREAK BUNCHES.

## ROSES

All on own roots except varieties marked (B) which are budded plants. The "Extras" carry about 30 inches of wood, strong and are DOUBLE EXTRA SELECT. The No. 1's carry about 30 inches of wood, cut back in the bunch to 24 inches. The No. 2's carry about 18 inches of wood and are used by many for filling retail orders. The No. 3's carry about 12 inches of wood, we recommend them for transplanting, will make fine plants at one season's growth, all are well rooted.

## FRUIT TREE STOCKS

Per 100

We make no charge for boxing Seedlings and Transplanting Stocks.

APPLE SEEDLINGS, No. 1, ¾ <sub>16</sub> and up, (Regular Grade) straight roots -----	\$ 2 90
APPLE SEEDLINGS, No. 1 "Special Grade" ¾ <sub>16</sub> and up, straight roots -----	2 00
These "Special Grade" are exactly like the No. 1 regular, except they are about one-third shorter.	
Apple Seedlings, No. 2, Straight Roots, ¾ <sub>16</sub> to ¾ <sub>16</sub> -----	1 65
Apple Seedlings, No. 2, Branched Roots, ¾ <sub>16</sub> to ¾ <sub>16</sub> (recommended for Budding) -----	1 45
Apple Seedlings, No. 3, Straight and Branched Roots, less than ¾ <sub>16</sub> -----	90
CHERRY, Mahaleb, 1 year, 4 to 6 mm. (The most satisfactory size for our use) -----	7 00
CHERRY, Mahaleb, 1 year, No. 2, 3 to 5 mm. -----	5 50
PEAR, French, 1 year, branched roots, 5 to 7 mm., ¾ <sub>16</sub> and up (This is the grade we use) -----	7 50
PEAR, French, 1 year, branched roots, 3 to 5 mm., ¾ <sub>16</sub> to ¾ <sub>16</sub> -----	3 00
(Not a satisfactory size for the South but used largely on the Pacific Coast)	
PLUM, Marianna, "C. A. G." ¾ <sub>16</sub> and up -----	4 50
PLUM, Marianna, "C. A. G." ¾ <sub>16</sub> to ¾ <sub>16</sub> -----	3 00
PLUM, Marianna, "C. A. G." No. 3. less than ¾ <sub>16</sub> -----	1 75
QUINCE, Angers, No. 1, 5 to 7 mm. -----	8 50
QUINCE, Angers, No. 2, 4 to 6 mm. -----	7 50

## SHRUBS FOR TRANSPLANTING

All this stock is especially selected for lining out in nursery row. These plants have plenty of vigor, they are beautifully rooted.

Chinese " " 8 to 10 inches. .... 1 75	

You know how convenient it is to have on your own grounds for early fall shipments an assortment of Shrubbery, Evergreens, Roses, &c. We sell hundreds of small nurserymen small assortments of this stock for lining out, and they buy it year after year, which is good evidence that they are satisfied.

## PEACH, "SECONDS"

There are a great many ill-shaped, "lop-sided" crooked Peach Trees this year and we have made a "SECOND GRADE", trees that may be worth the very low price named—and may not, it depends on how particular a man is when buying "SECONDS". If you don't expect much you will not be disappointed. There were a pile of them worse than these that went on to the cull pile and they have been burned. Our stock of these "Second Grade" Peach is shown below, note the prices Boxing Extra. Would suggest that these be cut back to two feet, to save freight.

	<i>Lonesome</i> ¾ to 1 in. 5 to 6 feet each 3c	<i>Lonely</i> ¾ to ¾ 4 to 5 feet each 3c	<i>Loneness</i> 9-16 to ¾ 4 to 5 feet each 2½c

## PEAR, "SECONDS"

These are Two Year Buds on French Roots (beautifully rooted) but show sun scald or "blisters" in the bark—a spotted, discolored appearance. We call these "Yellow Fever's". They are uniform, well branched and all right in every way except for this "sun scald".

	<i>Leak</i> ¾ to 1 in. 6 to 8 feet each 5c	<i>Lean</i> ¾ to ¾ 5 to 7 feet each 4c	<i>Leap</i> 9-16 to ¾ 4 to 6 feet each 3c

FOR TRANSPLANTING to nursery row see the complete assortment of light grade Peach, also Pear, Quince, Mulberry, Shrubs, California Privet, Roses, Fruit Tree Stocks, etc. Our line is larger and better this season than ever before.

The apple shown herein are clean rooted, smooth and strictly first-class. We want to clean them out and will sell a car load of 2 year, ⅝ and up at special low prices F. O. B. Huntsville. If interested let us hear from you.

Note that we include in this list under ROSES, a lot of TREE ROSES at a special price for quick orders.

Have you tried the planting of branched apple seedlings for budding? If not believe it will pay you to do so. If you are short on apple seedlings of any grade let us have your order.

Note also the special grade of Marianna Stocks offered at \$1.75 per thousand, see Fruit Tree Stocks.

The Angers Quince stocks shown herein are exceptionally nice and plump up to specified grades.

Don't forget us on Mahaleb and French Pear, can still supply all grades shown in fair quantity.
